#### OUR CIRCULATION.

The Cairo Evening Times has a larger circulation in this city and county than any other paper published. By virtue of as circulation in the city, and in accordance with the law of Gongress requiring the \*Letter List" to be published in the paper having the largest circulation within the range of the local Postoffice the Times has been awarded the printing of the Post-office Department as the following communication will evi-

Post Office, Camo, July 10, 1865.

To H. L. Goodall, Esq., Editor and Publisher of the "Cairo Evening Times."

Sia,—Your paper has again been selected in which to publish the "Letter List" of this office, on the ground of its having a larger circulation than any other paper within the delivery of the Cairo Post office. You are authorized to continue the publication of said Letter List as heretofore, on the terms and conditions as specified in the Post Office law and instructions.

Respectfully,

Respectfully, J. C. SLOO, Postmaster. ANOTHER. - Another chapter of Mose Harrell's "Cairo as it Was" will appear in to-

morrow's issue.

FALSE RUMOR .- A rumor was in circulation on our streets to-day that the locomotive of Fox. Howard & Co., had blown up. The report was incorrect. One of the pipes connected with the locomotive burst, but will be repaired to-day. "Only this and nothing more."

WEATHER .- Yesterday the elements were again let loose and rivers of water fell therefrom. This morning the atmosphere was quite chilly, and thick clothing has taken the place of linen garments. The change is an accepta-

FURNITURE SALE .- A steamer will leave Cairo for Mound City on Thursday morning next at 8 o'clock, to attend the Government sale of Furniture there and then to be holden, at 10 o'clock a. m. Ladies of Cairo are especially invited.

VICKSBURG HERALD.-This paper, always so spicy and entertaining when under the management of its late lamented editor, comes to us this week enlarged and generally improved in its typographical appearance. It is now published by Swords & Co., and edited by I. W. Patridge.

THE SOUTH -We are in receipt of Nos. 5 and 6 of a new literary journal entitled as above, published at New Orleans every Sunday morning by Overall & Wire. Its editorials are not particularly literary, but savor strongly of originality and horse sense, and treat generally of matter-of-fact subjects in which the people of the South are especially interested. It is an eight page paper and published at \$5 00 per year. We wish it suc-

There are usually to be found a collection of lazy, thieving negroes, dissolute and dissipated white men, nymphs du pave, and occasionally gents who would very much dislike to see their names in print, in the connection in which they are there introduced.

To-day we spent an hour in the Court of Aguire Bross. The first case called was that of Tan Quarrels, who was yesterday set upon by a number of his fellow negro boys, and "accidently," as he says, he stabbed one of them, for which accident he was fined \$15.

Robert Williams stole a coat from one of the employees of Tom Winters. The coat was valued by its owner at \$25, but the thief sold it for \$7. He is a black scamp who appeared before Bross before, and was held to bail in the sum of \$400 to appear at the next term of the Court of Common Pleas, in default of which he was "sent up."

When we left the cry was "still they come." SINGER'S SEWING MACHINES .- The wonderful popularity of these inimitable Sewing Machines is indicated by the enormous sales of them. A few years ago the manufacturers thought the highest point of popularity was reached when five thousand per annum were disposed of, but now FIFTY THOUSAND a year are manufactured, and yet Edwin Dean, the general agent of the Company, of St. Louis, (whose advertisement appears in our columns) informs us that, notwithstanding this immense product, it is difficult to meet the increasing demand. This shows that the public appreciate a good article, and will purchase the best when its merits are established, as those of the Singer

The boards of a Cairo theatre were never graced with such a graceful and accomplished actress as last week by Miss Williams. Her delineations of Irish and American character as also of finer characters, were faithful to life and nature. Her singing fascinated all by its sweetness and cultivation, while her dancing EASTPORT, excited the admiration of all. Her associate star, Felix A. Vincent, has a quiet way of acting which differs from that of any other comedian on the stage.

To-night, the famous and favorite play of the "Cricket" will be presented with a powerful cast. Miss Williams appearing as "Fanchon," Vincent as the simple but honest and earnes "Diddier." Marcellus as "Landrey," Mason as "Father Carlaird," Miss Pennover as "Old Fadet," Lizzie Maddern as "Madelon," Mrs. Dyke as "Mother Barbeaud," Nellie Lewis as "Susette," Mollie Howe as "Annette," Miss Williams will perform the "Shadew

God has called him and he is gone, and with him the blighted hopes and fond expectations of a devoted wife, loving parents, affectionate brothers and sisters, of Ada Lyon, Paducah, warm and admiring friends. Possessed of high interlections of the control of tual culture, of noble and generous impulses, a stainless moral character, a loving disposition, he had endeared to him a host of friends whose sympathies will be with his family in their bereavement. # CAIRO EVENING TIMES.

The suiscriber having recently made extensive additions to the mechanical department of his office, added Steam Power and several Steam Presses, increased his editorial force, and enlarged the dimensions of his journal, rendering his office the most complete, and his pa per one of the largest in Southern Lilinois, deems this a farorable opportunity of presenting his claims to the

business and reading community for patronage. The TIMES will not be the organ of party or of party leaders, but the reflex of the opinions entertained by its proprietor. Its tone will always be harmonious with the best interests of the country, an will co-operate, politially, with the Administration of ANDREW JOHNSON, so far as the action of such Administration comports with

We pride ourself upon being an American citizenlook with pride upon the Flag of our Nationality, which, in perilous times we enlisted to defend-are unreservedly n favor of the perpetuity of the Government and unity of the several States-firmly believe in a Republican form of Government and Democratic Institutions-look upon our country as our Mother and every patriot as a brother and will shake hands with any and all who, regardless of party have an eye single to the perpetuity and honor of the Union-and favor a speedy reconstruction upon an

honorable and lasting basis, But the speciality of the Times will be the advance ment of the business and commercial interests of Cairo and Alexander county, the building of proper roads leading from our city to the country, such as will enable the farmers of Alexander and Pulaski counties to ap proach our confines and fill our streets with their wagons and our stores, dwellings and hotels with their products to cause to be built railroads running from this city to St. Louis and Vincennes, and the construction of a net

work of roads such as the requirements of our people and necessities of commerce unreservedly demand. A special eye will be kept upon all matters of local in terest and improvement- notice made of every building erected, every store established, every manufactory built, &c., and every effort put forth to advance the Commer

The A ton had a large lot Cairo freight and a fair trip for Memphis. From a valued correspondent at Memphis we learn that the Centralia picked up a snag while coming up the Mississippi to that port, but fortunately very little damage was done. The Centra ia was from Arkansas River, and reports only 26 inches water in its channel. The Miami is at Williams' Bar and cannot go to Little Rock, while the E. O.
